PROFESSIONAL SUMMARY

Motivated Java Full Stack Developer (Fresher) with hands-on experience building responsive web applications using Java, Spring Boot concepts, React, and MySQL. Completed a CNN-based UPI Fraud Detection project and a Food Ordering Web Application — demonstrating end-to-end full-stack capability from database design to frontend UI. Eager to contribute to a development team and grow in a professional environment.

TECHNICAL SKILLS

Backend:	Core Java, Advanced Java (JEE), OOPs, JDBC, JSP/Servlet
Frontend:	HTML5, CSS3, JavaScript (ES6), React.js
Database:	MySQL, JDBC, SQL queries, data validation
Tools:	Git, GitHub, Eclipse IDE, VS Code
Concepts:	REST API integration, MVC Architecture, CNN/ML integration
Soft Skills:	Problem-solving, Debugging, Teamwork, Communication, Adaptability

PROJECTS

CNN-Based UPI Fraud Detection System | Java • React • MySQL • CNN Model | 2025

- Designed and built a full-stack fraud detection web app to identify suspicious UPI transactions in real-time.
- Integrated a Convolutional Neural Network (CNN) model for anomaly detection, improving prediction accuracy and reducing false positives.
- Developed React frontend for transaction dashboard; Java backend for API handling; MySQL for transaction data storage.

Food Ordering Web Application | Java (JSP/Servlet) • JDBC • MySQL • HTML • CSS | 2025

- Built a dynamic food ordering system with complete modules: user login, restaurant listing, menu browse, cart, and order placement.
- Implemented JDBC for database connectivity; MySQL for storing user profiles, menus, and order history.
- Wrote and executed test cases for login, add-to-cart, and checkout flows; validated data integrity with MySQL queries.

EDUCATION

B.Tech – Artificial Intelligence and Data Science

Gnanamani College of Technology, Namakkal CGPA: 7.00 / 10 | Graduated: 2025

TRAINING & INTERNSHIP

Full Stack Development Training — TAP Academy, Bangalore | Jun 2025 – Jan 2026

- Completed intensive training in Core & Advanced Java, OOPs, JEE, HTML, CSS, JavaScript, React, MySQL, and JDBC; built real-world projects as part of curriculum.

Data Analytics Intern — Cognitive Technologies, Salem, Tamil Nadu | Jul 2023 – Aug 2023

- Learned Tableau for data visualization and analytical reporting; applied it to create interactive dashboards.

CERTIFICATIONS

- Full Stack Development — TAP Academy, Bangalore (2025)
- Data Analytics with Tableau — Cognitive Technologies Pvt. Ltd., Salem (2023)
